25X1A

3. Congressman Cole, Chairman of the Joint Congressional Committee on Atomic Energy, requested the Director's views on the question as to whether the Soviet had a nuclear reactor station which provided atomic power for the heating of the Moscow subways. This material has been forwarded to [redacted] NED/OSI, for preparation of a draft reply.

25X1A

4. Advised Mr. Kirkpatrick that [redacted] IOD/SP, had made available the proposed Congressional briefing by MSA in connection with possible amendments to the Kersten Amendment. This involves assistance to Yugoslav escapees as well as a general discussion of the escapee program with some reference to its intelligence potential. [redacted] should discuss this matter with [redacted].
